HISTORY OF HAMILTON

The history of Hamilton is one of Loyalist settlers engaged in agriculture, commerce, and heavy industry centering around a strategic position at the western tip of Lake Ontario.

In the summer of 1669, Rene Robert Cavelier, Sieur de La Salle, discovered Burlington Bay. Settlement of this area did not really commence, however, until more than one hundred years later. Members of the United Empire Loyalists have been cited as the first settlers who migrated north to this new, untouched, frontier.

On June 18, 1812, the United States declared war on these British Loyalists in an attempt to claim Upper Canada and beyond, as part of the U.S.A. After the Treaty of Ghent was signed, marking the end of the war, migration to Canada increased. Captain George Hamilton was among this flock of new settlers and after a mere two years, he converted a scattered collection of homes into a town bearing his name.

The turning point for the Town of Hamilton occurred when the Burlington Bay Canal, completed in 1825, connected Hamilton with Lake Ontario making Hamilton an excellent centre for receiving goods and distributing them through the hinterland area. Wheat and other agricultural products from the surrounding environs were purchased here by merchants and transported by boat through the harbour, while manufactured goods were imported for sale to the agriculturalists. In anticipation of increased business merchants, professionals and industrialists from near and far either relocated or expanded into Hamilton. This influx of trade and commerce aided the town to establish itself as a port in Southern Ontario which is now the focus of Hamilton's economy.

Settlement continued rapidly into the 19th Century with the acceleration of wheat exports and other business, and by 1846, the town had become a city with a population of 6,832. In January 1847, the first election was held under the provision of the new City charter and Hamilton's first Mayor, Colin C. Ferrie, was appointed. In 1854, the Great Western Railway completed the first railroad line constructed through the core of the downtown section. Hence, goods could conveniently be transported via rail, road or water. This marked the beginning of an era for Hamilton; as it was no longer considered a small port, but rather a city possessing wealth in numbers and also in a variety of forms of transportation.

Manufacturing felt its first expansive boost in 1878 with the imposition of the National Policy. No longer could cheap manufactured goods flow freely across the border from the United States. Instead, some American firms moved into Canada to maintain their markets, while the foundries and mills in operation before 1878 expanded to handle the increased demand for their goods caused by the reduction of competition. The Hamilton area was favoured because of its central location with respect to sources of raw materials and consumer markets. By 1899, cheap electric power and the fine transportation system by boat, rail and radial lines were also factors in the continued growth of industry in the area.

"THIS IS HAMILTON"**HAMILTON TODAY**

The population of Hamilton has grown to approximately 307,000 and takes up over 38,000 acres of land above and below the Niagara escarpment. The land below the escarpment bordering on Lake Ontario holds much of the industry, commerce and highrise offices, residential buildings, along with the older residential structures. The area above the escarpment, commonly referred to as "the mountain", has served to accommodate residential expansion. For the mountain residential area of 4,258.9 hectares and a population of over 112,000 and growing, there are recreation complexes, hospitals, library facilities and community centres. Of the many shopping centres, Limeridge Mall, with 1 million square feet of retail space, 204 stores and services, 4,000 free parking spaces and weekly traffic of 150 to 200 thousand, is the largest in the Region.

The focus on industry in Hamilton traditionally has been steel. The two major employers in the Hamilton area are Dofasco (Dominion Foundries and Steel) and Stelco (The Steel Company of Canada) which employ 12,000 and 10,300 individuals respectively. Founded in 1910, Stelco has a coverage of approximately 1,000 acres and annual raw steel capacity, at the Hamilton location, of six million tons. Dofasco, which has been established since 1912, has now become the largest steel manufacturer in Canada after a recent acquisition. Both companies have established continuous cast operations. Dofasco production includes consumer durables and construction materials, whereas Stelco has a reputation as being more diverse in its industrial output. Together these steel producers account for over 60% of the nation's steel. Both companies are leaders in technology and research and have had a tremendous impact on Hamilton directly and indirectly for almost eighty years. Presently the steel industry and related businesses account for 33% of the local economy. This steel economic dependence has declined in recent years due to progressive diversification into other sectors including health. Summarized below is a list of the largest employers (in terms of employees) operating in Hamilton:

RENEWAL OF HAMILTON'S DOWNTOWN CENTRE

As previously stated, Hamilton's economy has been shifting from that of primarily an industrial and manufacturing city to one that is more service oriented. This increase in the service sector has been helped by the rapid transformation of the downtown core by an urban renewal project which was initiated in 1967, Canada's centennial year. Between 1972 and 1989 more than \$300 million has been invested in this urban redevelopment. This investment has provided for the construction of Lloyd D. Jackson Square, an ultra-modern shopping centre with adjacent office towers, the well-known Hamilton Place Theatre Auditorium and the Hamilton Art Gallery. The new homes of the Central Library and Hamilton Market, in the Square, were completed and opened in 1980, while 1981 witnessed the additions to the development of the Hamilton Convention Centre/Provincial Office Tower to complement the other specialized service facilities completed during this redevelopment.

The Hamilton Convention Centre, complete with total exhibit space of 40,000 square feet, a banquet hall with seating and facilities to serve 1,900 patrons, and 13 meeting rooms of various sizes, opened in June 1981. This facility was built at a cost of 16.7 million dollars with the Province of Ontario contributing 5.1 million dollars toward the cost. In addition, the Province has constructed a 14 storey office building above the Convention Centre to provide office space for the various Provincial Ministries and as an interim measure, office space for the Regional Municipality of Hamilton-Wentworth administration departments.

The Standard Life Centre, Phase IV of Lloyd D. Jackson Square, provides an additional 400,000 square feet of office space and approximately 100,000 square feet of retail commercial area. In addition, the Victor K. Copps Trade Centre/Arena facility and the Sheraton Hamilton Hotel, were both completed in 1985.

The Victor K. Copps Trade Centre/Arena facility (Copps Coliseum), at an estimated cost of 41.3 million dollars, contains over 18,000 arena seats and has 60,000 square feet of exhibition space which can be increased to over 87,000 square feet with the inclusion of the ice surface. The Federal Government contributed 4 million dollars and the Province of Ontario contributed the same amount by stages. Connected to the Sheraton Hamilton Hotel complex and Lloyd D. Jackson Square, it increases the amount of retail space in the development by 33,000 square feet. The Trade Centre/Arena, which is located at the south-east corner of Bay and York Streets, has state-of-the-art facilities for sporting events, major convention sessions, concerts, exhibitions and trade shows. In the spring of 1990 Copps Coliseum hosted the Memorial Cup which followed on the successful heels of 1989 events such as the visit of Lech Walesa, the Polish Solidarity leader and Nobel Prize winner, singing sensation Julio Iglesias and international hockey (Canada's National Team vs Soviet Union Olympic Team). There's more, as anticipation grows with the preparation to host the 1991 Labatt's Brier Canadian Curling championship. The entire downtown area benefits from the increased exposure brought upon by the Trade Centre/Arena which, it is hoped, will be home to a National Hockey League franchise. Copps Coliseum has consistently proven to be one of the most successful facilities of its kind in North America. The Hamilton Entertainment and Convention Facilities Inc. which manages and operates the Convention Centre, Hamilton Place and Copps Coliseum provided activities for 1.2 million participants in 1989 and according to a recent McMaster University study this entertainment trio provides an annual economic benefit to the City in the range of \$145 million.

"THIS IS HAMILTON"**RENEWAL OF HAMILTON'S DOWNTOWN CENTRE - (Continued)**

The Sheraton Hamilton Hotel, with 302 rooms and 18 floors, is a welcome addition to the Lloyd D. Jackson Square development. It has 4 lounges/restaurants, banquet facilities for 500 and 25,000 square feet of retail space. Well situated in the development, it is connected to Lloyd D. Jackson Square, Standard Life Centre, Victor K. Copps Trade Centre/Arena and by an overhead covered pedestrian walkway to the Hamilton Convention Centre. The recently renovated Royal Connaught Hotel with 207 rooms and redecorated Holiday Inn with 219 rooms all located within a 5 minute walking distance of the above facilities assist with the accommodation of various special events. These facilities have largely enhanced the attractiveness of Hamilton for major conventions and conferences, which in 1989 totalled 187 conventions, 65,000 delegates and 55,000 visitors.

The Downtown Action Plan evolved in the expectation of renewing the current downtown core. The Community Development and Public Works Departments are working together with the Business Improvement Area (B.I.A.) to improve the appearance and accessibility of the downtown area. A closure to motorists of the south branch of King Street has been completed in order to establish a transit/pedestrian mall available only to buses during restricted hours. Sidewalks have been widened and their surface changed from concrete to interlocking bricks. Even the street lights have been upgraded to an attractive wrought iron design.

The redeveloped Gore Park provides a victorian garden, an amphitheatre, an in the area near the cenotaph, both grassed and hard surface areas. Extensive use of greenery has been made, particularly with the planting of over two hundred trees. The area north of Gore Park has been expanded to include the entire Central Business District, providing new sidewalks, lighting, trees, benches, bicycle racks and waste receptacles.

The Facade Improvement Programme commenced in 1986, providing low interest loans to owners of commercial properties located in approved business improvement areas. This will be a continuous program that will rehabilitate building exteriors as well as improve business facades, including store fronts and signage.

In other recent developments, the Canadian Imperial Bank of Commerce completed the first of their twin banking and office complexes in 1987, on the site of their former bank building in the heart of the City's downtown core. Construction is well underway on the second and final C.I.B.C. \$33 million office tower which has an expected occupancy date of the fall in 1990. In addition, in conjunction with the proposed major expansion of the Eaton's department store next to the Lloyd D. Jackson Square complex, a 7.2 million dollar Parkade was completed in late 1987 to accommodate present and future parking needs in the downtown area. Another pedestrian walkway has been completed linking this Parkade with the new 120 shop Eaton's Centre mall adjacent to their \$100 million store. Further development includes permanent regional offices and a new Journey's End Hotel in the downtown centre.

HAMILTON AND SCOURGE

HAMILTON and SCOURGE are two armed merchant schooners from the War of 1812 on Lake Ontario, remarkably preserved in the depths of Lake Ontario for the past 177 years. The City of Hamilton obtained title to these vessels in 1980; an international museum is planned.

In 1990, the JASON Foundation for Education made the HAMILTON-SCOURGE Project the focus of its educational efforts; in April and May 250,000 schoolchildren in fourteen museums across North America watched the live action via satellite on closed circuit Television, while JASON, a remote operated vehicle, and its world-class crew completed scaled photography of HAMILTON and SCOURGE. The value of this in-kind donation -- including ship-to-shore and personnel donations from Canada Centre for Inland Waters -- is estimated at \$9.5 million; the City supplied accommodations and a barge platform.

WATERFRONT PARKS DEVELOPMENT

Hamilton's Waterfront Development project involves the reformation of over 40 acres of city owned property in the west end of Hamilton Harbour into an exciting new recreational amenity for the residents of Hamilton-Wentworth and our tourists.

The development is intended to not only increase the level of accessibility and usefulness of a waterfront area that is now quite limited in it's activity and image but also to stimulate economic growth through accessory commercial and residential uses.

While environmental concerns and constraints have delayed the project over the past year, recent announcements by the Minister of the Environment, The Honourable James Bradley and Mayor Robert Morrow, regarding Provincial commitments to the remediation of these issues have put the project back on track.

The City has been working closely with the Hamilton Harbour Commission in developing a portion of the project, Pier 4 Park, in concert with the Hamilton Harbour Commission's marina expansion project. It is anticipated that this portion of our development will commence in 1991.

TRANSPORTATION IN HAMILTON

Hamilton's transportation needs are served by road, rail, water and air.

Over 100 million people live within a radius of 500 miles of Hamilton, and the City acts as the major distribution centre to the entire Niagara Peninsula. As such, the City is the hub of a series of nine Provincial highways which include two, four-lane, controlled access roads. These highways are used by a large number of transport companies to move goods to and from Hamilton and other centres in the Province of Ontario and in the States of New York, Ohio, Pennsylvania and Michigan. The City is served by the Canadian National Railway, the Canadian Pacific Railway, and the Toronto, Hamilton and Buffalo Railway which links the C.P.R. to the Penn Central System in the United States.

"THIS IS HAMILTON"

TRANSPORTATION IN HAMILTON - (Continued)

The port of Hamilton which can accommodate the largest ocean going vessels that transit the seaway has 10 shipping piers occupying 350 acres and 11,570 metres of modern dock facilities. Roll-on, roll-off terminal capabilities are available and help the port clear twelve million metric tonnes per year in and out of port. The Hamilton Harbour Commissioners marine dockyard offers a variety of facilities to the recreational boating community and takes pleasure in being able to serve it.

In order to facilitate the increase in trade and commerce in Hamilton, two major transportation facilities have recently been completed, namely the twinning of the Skyway Bridge and the Airport expansion. The Q.E.W. Skyway Bridge twinning further increases the accessibility between Hamilton-Wentworth industries and their markets. The established Hamilton Civic Airport's recent \$48 million expansion included construction of an 8,000 foot east-west runway, expansion of current apron and taxiways as well as tripling the present terminal size. The benefit of such enlargement is to improve the access to national and international business communities for Hamilton businessmen.

Future transportation improvements include a new regional highway and the proposed extension of the full rapid transit service from Oakville to Hamilton. In June, 1990 ground breaking ceremonies are to take place on the Red Hill Creek Expressway, which will link the Q.E.W. highway in the east end of the City to the other major highway 403 on the west mountain, and expected to be completed by the year 1999. In using the rapid transit or the A.L.R.T. system, Hamilton hopes to upgrade the inter-regional transit services to the neighbouring Toronto area, as well as increase the accessibility to existing and planned business in the downtown core.

ARTS, FESTIVALS, CULTURAL AND EDUCATIONAL FACILITIES

Hamilton's natural setting is enhanced by the presence of the Royal Botanical Gardens. It has taken a prominent role as an institution on this continent and representing one of only five such gardens in the world. The physical aspect which visitors so appreciate, the garden and natural areas, are all part of this scientific and educational resource centre. It stands as something of a hybrid between an experimental station, a museum and a university, combined with the informal recreational aspects of a fine park system.

Hamilton has festivals and two of its largest festivals, the "Festival of Friends" and "It's Your Festival" attract several hundreds of thousands of visitors annually. "It's Your Festival" takes place on the Canada Day weekend and is recognized nationally as "Canada's Biggest Birthday Party". The "Festival of Friends" is one of the major tourist attractions in Hamilton and takes place in August. Both festivals contribute to the cultural development and economic expansion of Hamilton.

"THIS IS HAMILTON"

ARTS, FESTIVALS, CULTURAL AND EDUCATIONAL FACILITIES - (Continued)

In the area of culture, the Hamilton Art Gallery is the third largest art gallery in Ontario; Hamilton Place which is a world renowned theatre-auditorium; the Hamilton Philharmonic Orchestra with a core of 32 resident musicians; and the Hamilton Public Library with over 800,000 books, 6,000 records and 2,600 films and videos. There are 5 civic museums, the most noteworthy being Dundurn Castle, the historic home of Sir Allan Napier MacNab who was among other roles a Prime Minister of Upper Canada. Enhancing the diverse arts/cultural fibre of the city are the 5 theatre companies and Opera Hamilton which plays to Hamilton Place audiences with 3 annual major performances. One of the theatre companies Theatre Aquarius, broke ground in April, 1990 on their estimated \$10 million theatre complex expected to be completed by September, 1991. The theatre complex land, located in the downtown core, was donated to the theatre company by the City of Hamilton, indicative of the commitment to the Arts by the City.

The century old McMaster University accommodates over 10,000 full-time students and many more thousands of part-time students. The university employs 1,000 faculty members and 2,500 support staff. McMaster has one of the world's first university campus nuclear research reactors and three libraries with a combined total 1.5 million volumes. McMaster has an international reputation in the area of health sciences for the innovative programs the school of medicine offers. In addition, the University's research centre is recognized for its contribution to medical science.

Mohawk College of Applied Arts & Technology is a diploma granting institution. With over 12,000 students enrolled in full-time courses and over 59,000 in part-time courses, it offers 60 post secondary, 32 retraining and 7 apprenticeship programmes. Courses include a variety of vocational instruction in industry, commerce, and languages.

The Hamilton-Wentworth Economic Development is responsible for promoting the City of Hamilton in Canada, the U.S.A. and overseas. As indicated above, there is much to promote in this busy metropolitan centre. The changes and improvements made in the City's structure from its agricultural and commercial beginnings make it a dynamic city in which to be involved, now and in the future.

J. D. Thompson, Secretary

Respectfully submitted,

ALDERMAN BRIAN HINKLEY
CHAIRMAN, FINANCE AND ADMINISTRATION COMMITTEE

The Corporation of the City of Hamilton
Treasury

1990 May 3

Alderman B. Hinkley
and Members of the Finance and Administration Committee

It is with pleasure that I present the 1990 Estimates of Revenues and Expenditures of the Corporation of the City of Hamilton, the Library Board, the Parking Authority and the Hamilton Entertainment and Convention Facilities Inc. (H.E.C.F.I.), as approved by the Special City Council meeting of Friday, March 16, 1990 and as previously approved by the Standing Committees.

The estimated revenues and expenditures of the City result in a residential mill rate for 1990 of 96.7685 mills, representing an increase over 1989 of 4.5571 mills or 4.9%. The additional taxation requirement for 1990, the resultant mill rates and other pertinent information are summarized and presented later in this report.

As was stated in my report last year "Demand for new staff to fulfil increasing service levels remains high and this will continue to be the case into 1989 and beyond". Council was confronted this year with requests for new staff, as predicted and after considerable deliberation both at the Standing Committee and Council level, it was concluded that staff related to City activities should be increased by 36.5 full time equivalent (FTE).

REVENUES

The 1990 Revenues for the City of Hamilton are summarized on Appendix "B". The revenues, not including taxation and the carry forward surplus, have increased over 1989 by (i) \$1,021,680 or 4.3% in relation to the other revenues, and (ii) \$3,227,110 or 16.2% in relation to user fees.

The Corporation of the City of Hamilton
Treasury

REVENUES - (Continued)

Assessment

As can be noted on Appendix "D", growth in the assessment is 2.0% this year (1989 - 3.2% , 1988 - 1.8%) which is an encouraging sign and it is hoped these increases continue.

Surplus for the year 1989

The City of Hamilton, through careful budgeting and co-operation of the various departments, is able to report a surplus for the 42nd consecutive year. The surplus for 1989 was primarily due to additional revenue earned from payments in lieu of taxes, building permit fees, and interest income on investments. This surplus has allowed for the transfer of \$1,000,000 to the 1990 revenues as a carry forward surplus after providing for some funding allocation in relation the capital projects.

Provincial Unconditional Grants

The provincial unconditional grants in the total amount of \$11,895,100 were held at the 1988 level for the two consecutive years and were not increased even to the inflation level. In 1988 the increase was only 2% (1988 - \$ 11,895,092, 1987 - \$ 11,661,855) which means that the lack of reasonable growth in these grants places more of a financial burden on the local taxpayer.

Building Permit Fees

The building permit fees have been increased by \$691,140 or 25.1% to reflect a continuing demand for building permits but a levelling off of the increase from the prior year due to the slow growth in the economy in the later part of the year.

Interest Income and Tax Penalties

Our judgment on short term interest rates is that they are trending toward remaining high until the second quarter, flattening in the third quarter and dropping slightly during the fourth quarter and the following year. Accordingly, we have increased the short term interest revenue by \$1,100,000. The revenue from penalties and interest on overdue taxes is also increased by \$460,000.

The Corporation of the City of Hamilton
Treasury

EXPENDITURES

The 1990 Expenditure Estimates are summarized on Appendix "C" and listed in accordance with Standing and other Committee responsibilities. The original expenditure total of \$156,348,660 (Column (6), prior to review by Council/Standing Committee), represented an increase of \$12,449,350 or 8.7% over 1989. Following an examination by the Council/individual Committees, the total original expenditure submissions for 1990 were reduced by \$1,536,950 to \$154,811,710 reducing the expenditure increase to \$10,912,400 or 7.6% over 1989. It is to be noted that the increase in the non-departmental or financial accounts (reserves, debt charges, contingency, etc.) increased by \$3,317,840 accounting for about 30% of the overall increase in expenditures this year.

Current Budgeting Process

Consistent with past practice, Department Heads and General Managers were requested to prepare budgets in accordance with their perception of known and expected service levels and to carefully isolate the costs to maintain the existing level of service from expansion levels being proposed. Prior to the detailed budgets being presented to Standing Committees, Council received an overall budget presentation from the Treasurer, and it was obvious from the beginning that simply to retain existing service levels, the mill rate increase would be at the 5.0% level with council mandated programs at 5.7% level, plus senior levels of governments mandated programs at the 7.6% level, and with new and enhanced service level programs at the 10.0% level (the current CPI for Ontario 5.6%). After a careful review of all budget expenditure packages by both Standing Committees and Council, the mill rate increase was finally set at 4.9% for this year.

There will be a continuing policy of placing the responsibility on Department Heads and Managers of Local Boards to curtail requests for any appropriation or expenditure of funds not provided within their approved Estimates and, in addition, monitor revenues with Treasury staff on an ongoing basis during the year.

A detailed summary of budget estimates, arranged in accordance with Standing Committee responsibilities can be found on Appendices "C-1" to "C-5".

TOTAL MILL RATES AND LEVIES

The Estimates of revenues and expenditures and the resultant levy by the Regional Municipality of Hamilton-Wentworth, the levies by the Board of Education for the City of Hamilton, and the levy required by the Hamilton-Wentworth Roman Catholic Separate School Board, are included for information purposes. It should be noted that the above named bodies requisition The Corporation of the City of Hamilton for the levies required and the City, by Provincial Statute, must levy and collect the resultant taxes for Regional and Educational purposes and transfer such levies to these Boards and Council.

TOTAL MILL RATES AND LEVIES - (Continued)

The City's portion of the expenditure Estimates was approved by City Council, March 16, 1990. City Council approved the mill rates relative to the final City Estimates, along with the Regional and Educational mill rates on Thursday, May 3, 1990. The Regional requirement showed an increase of 9.2449 mills for residential purposes or 11.1% from 1989 rates. The Education requirement showed an increase of 26.9526 mills for residential purposes or 18.1% over 1989 rates.

Total requirements of the City, Regional and Education for taxation purposes have resulted in mill rates for 1990 which are more than those required in 1989 by 40.7546 mills for residential and 47.9465 mills for non-residential taxpayers, an increase of 12.6% for each rate respectively. For more information concerning these levies and mill rates, please refer to Appendices "E" and "F".

The members of the Standing Committees should be commended for their efforts in reviewing and approving the final estimates for the departments and Local Boards for which they are responsible. I further commend the Chairman and members of the Finance and Administration Committee for their leadership in meeting the challenge of the annual budget review. This budget reflects the requirements of an urban municipality after providing for essential and in some areas expanding services.

I wish to acknowledge the courtesies and co-operation extended to the staff of the Treasury Department in the preparation of these Estimates by His Worship the Mayor and Members of Council, Local Boards, and over Civic Departments. I would also like to take this opportunity to express my appreciation to the senior officials and, the staff of the Treasury Department for their dedication and co-operation in the preparation of this budget.

Respectfully submitted

THE CORPORATION OF THE CITY OF HAMILTON
Treasury Department

City Hall, Hamilton, Ontario
March 16, 1990

His Worship the Mayor
and Members of City Council

On behalf of the Finance and Administration Committee, it is with pleasure that I present to you the final Capital Budget for the five year period 1990 to 1994 inclusive, as approved by City Council Friday, March 16, 1990. The Committee should be commended for the manner in which it approached the finalization of the thirty-sixth consecutive Capital Budget.

The Committee in recommending this Capital Budget has continued the policy of attempting to control capital expenditures, and also ensure the City has the financial capability to provide the physical, social and cultural facilities necessary to the progress of the City of Hamilton.

They were also guided by the precepts established in prior years and the policies established by City Council, which are:

1. That the projects have a high priority rating either to provide proper physical facilities or to provide added facilities for the social needs of the community.
2. That the employment impact of each project be given consideration.
3. That the "Pay-As-You-Go" philosophy should be encouraged and every effort should be made to restrict capital borrowing wherever possible.
4. That the City continue the self-imposed policy of limiting the percentage of debt charges to the adjusted municipal levy in any one year.

The Committee undertook a review of the projects submitted to them by the various Standing Committees and Local Boards in order to establish the projects on a priority basis. The Committee carefully analyzed any requests for increased costs to projects contained in the 1989-1993 Capital Budget and new projects being submitted for the first time and were successful in reducing this budget, for consideration of City Council.

The Municipal services included in this Capital Budget are shown on the following page analyzed by function and in summary amounts to be financed.

For your information, the statement below, under column (5), provides you with the debt charges as a percentage of the estimated adjusted municipal levy. You will note that in each year, the percentage is less than the self-imposed limit of 15% and is below the average of 12.5% for the five years specified by City Council as the parameter for the 1990-1994 capital budget.

THE CORPORATION OF THE CITY OF HAMILTON
Treasury Department

It should be noted that while the Committee is recommending that debt charges do not exceed 12.5% of the adjusted municipal levy on average for the five years, this Capital Budget contains provisions for new projects, and a contingency allowance of \$1,500,000 in each of the years of the Capital Budget. You will note at the same time, however, that annual debt charges will be increasing at a rate higher than the expected inflation rate for this period.

While City Council has been able to reduce debt charges to levy to below the City policy parameters (which are well below the Ontario Municipal Board (OMB) requirements), the Corporation still has to be conscious of the total debenture charges as forecasted which amount to \$19 million by the year 1994.

The following paragraphs outline the status of some of the projects:

a) A Major Project:

Waterfront Project

This project has been entered in this Capital Budget in the gross cost of \$30.25 million, \$3.7 million from the City of Hamilton, with the balance of \$26.55 million to be equally shared with the Federal and Provincial Governments. This project has been included on the basis of a 1990 construction start, with a five year construction period indicating a completion date of 1994.

b) Other Pertinent Information:

(i) Road Reconstruction Program

It is to be noted that the amounts included in this budget do not include any provision for the cost of underground wiring as was proposed by City Council in 1983.

It should also be noted that the funds included in this budget are for local roads only. Arterial or Regional roads are the responsibility of the Regional Municipality of Hamilton-Wentworth and therefore are not provided in this budget.

b) Other Pertinent Information: - continued

(ii) Major Maintenance to Civic Buildings

In view of extensive renovations required to various City buildings in the next five years, \$250,000 per annum for the first year, \$300,000 in each of the years 1991 and 1992, \$350,000 for 1993, and \$400,000 for 1994, totalling \$1,600,000, has been included in this budget. The Director of Property has been requested to develop these renovations into a systematic program.

(iii) City Hall Extension

This project has been referred to Regional Council for consideration in its accommodation requirements of 1991, the year their lease expires.

(iv) Ivor Wynne Stadium

An amount of 0.684 million is included in the Capital Budget with start year 1990 to be completed in 1993.

(v) Parking

8.0 million is provided in this five year budget for parking facilities, all to be financed from the Reserve for Off-Street Parking subject to the availability of funding. Seven projects are forecasted to be undertaken as follows: Up-grading of existing parking facilities, \$500,000, start date 1990; John-Rebecca carpark decking, \$2,600,000, start date 1990; land acquisition-general, \$2,000,000, start date 1990; Study and design of existing parking projects, \$200,000, start date 1990; Main-Ferguson carpark decking, \$3,400,000 with \$3,300,000 as other receipts, start date 1991; King William-Mary carpark decking, \$3,300,000 with \$3,200,000 as other receipts, start date 1990; and a parking deck area for a transit terminus, \$2,500,000, start date 1992. Three other projects such as (i) underground parking deck-Board of Education, \$8,800,000, start dated 1991; (ii) City Hall car park deck, \$8,220,000, start date 1992; and (iii) parking structure Southeast quadrant, \$8,000,000, start dated 1993: are included in this Capital Budget Program to be financed from user fees. These parking facilities are presently under review by the Board.

Treasury Department

(vi) Operating Costs

While this Capital Budget indicates the City would have the financial capability to finance the debt charges related to this Capital Program within the self-imposed limits, it also includes, for information purposes, the **estimated annual operating cost for each project after construction**, in accordance with the policy established by City Council.

(vii) Employment Statistics

Relative to the request of City Council in 1983, the employment impact of each project was considered. Committee members were supplied with employment statistics relative to each project reviewed.

The Finance and Administration Committee is of the opinion that the projects contained in this Capital Budget are within the financial capabilities of the City and represent a balanced program for the future planning and development of the City and has approved of the recommendations as outlined in Exhibit "A".

Respectfully submitted

E. C. Matthews, Treasurer, B.A., C.A.

THE CORPORATION OF THE CITY OF HAMILTON

EXHIBIT A

The Council of The Corporation of the City of Hamilton at its meeting on March 16, 1990 adopted the following resolution:

- (1) That the debt charges shall not exceed an average of 12.5% of the estimated adjusted municipal levy over the 1990-1994 five year Capital Budget.
- (2) That the policy established in 1982, whereby any unexpended portion of the municipal contribution to a Local Board be placed in a reserve for capital projects for that Board, should be continued in 1990 and subsequent years to the extent that only adequate reserves are accumulated by the Board (as opposed to excessive reserves) and beyond this point such funds may be allocated to other areas requiring Local Board funding including any annual shortfall (amount required in excess of the municipal contribution).
- (3) That the employment impact of each project be given consideration.
- (4) That the six mill capital levy continue with specific reference to the "Pay-As-You-Go" policy, on the understanding that the expenditure program for the Reconstruction of Roadways, Abutting Sidewalks and other Sidewalks - Local Roads, be given first priority of the annual financing from this source. The balance of this six mill levy will be assigned to finance such other capital projects as directed by City Council.
- (5) That where the construction specifications of a capital project go beyond the normal requirements of the City of Hamilton as a result of financial involvement with outside groups such as institutions, private sector corporations, individuals, or other groups, that such outside contribution be in the form of a firm commitment before City Council is requested to confirm the gross cost of the project and the financial contribution of the City.
- (6) That new projects be introduced only in the fifth year of the program, or where Council is able to trade-off an existing project already included in the previous year's five year program.
- (7) That this Capital Budget Program be endorsed and forwarded to City Council for approval, for submission to and consideration by the Ontario Municipal Board, through the Regional Council.
- (8) That the Projects starting in the year 1990 be approved for implementation as per the attached list (Appendix "A") indicating the method of financing. The originating Department Head be requested to proceed with these projects. The City Solicitor be authorized to apply to the Ontario Municipal Board for all the 1990 start date projects requiring debenturing as indicated. The Regional Municipality of Hamilton-Wentworth be requested to consent to the issuance of debentures. The City Treasurer be authorized to provide the gross cost of the project along with the applicable subsidy and the net cost, to the City Solicitor.

FINANCIAL REPORT**

REPORT OF THE TREASURER

City Hall, Hamilton, Ontario
1990 May 9

INTRODUCTION

The City of Hamilton, largest of the six area municipalities comprising the Regional Municipality of Hamilton-Wentworth, is responsible for services related to fire protection, traffic control, building inspection, public works, recreation and community services, Property Department, along with various administrative functions. In addition, the Public Library, the Hamilton Entertainment and Convention Facilities Inc. (operating Hamilton Place, the Hamilton Convention Centre and Victor K. Copps Trade Centre/Arena) and the Parking Authority, each represented by Local Boards, also form part of the general responsibilities of the City.

BUDGETARY AND FISCAL POLICY

The Corporation operates within the guidelines of the Current and Capital Budgets approved by Council. The Municipal Fund Balance to be used to offset taxation or user charges at the end of 1989 amounted to 2.1 million dollars. This balance arose mainly from an increase in revenues, principally in the area of payment in lieu of taxes, interest on short-term investments, and building permit fees.

Capital works of the Corporation were carried out in accordance with a five year Capital Budget program approved by the Ontario Municipal Board and within the limits set by City Council. Since 1959, Council has followed the practice of including in the revenue fund an estimate for capital levy as a down payment on capital projects in order to reduce the City's reliance on debt financing. This six mill capital levy, which amounted to \$5.7 million dollars in 1989, along with the policy of utilization of reserve funds for capital works, is particularly beneficial. You will note that the unexpended capital at the year end shows a sizeable balance of 25.2 million dollars, mainly due to the issuance of debentures in 1989 amounting to \$12.6 million dollars.

REPORT OF THE TREASURER - (Continued)

FINANCIAL POSITION

The Consolidated Balance Sheet of the Corporation, as at December 31, 1989 continues to present a sound financial position.

It is to be noted that the current assets of the Corporation are 102.7 million dollars and the current liabilities amount to 21.5 million dollars producing a favourable working capital ratio of approximately five to one.

RESERVES AND RESERVE FUNDS, AND TRUST FUNDS

The balance available from Reserves and Reserve Funds at the end of the year for future municipal purposes was 85.3 million dollars compared to 74.4 million in 1988. The increase was attributable to contributions from the revenue fund and the capital fund, and interest earned.

Trust Funds administered by the City amounted to 8.0 million dollars at the end of 1989 compared with 7.0 million dollars in 1988.

CONCLUSIONS

The financial statements reflect prudent financial policies on the part of City Council while recognizing the requirements of a progressive community. In addition, the financial statements are a report on the stewardship of the administration and are in conformance with the requirements of the Ministry of Municipal Affairs who received more detailed statements earlier. The Auditor's Report attests that these financial statements present fairly the financial position and results of the operation of the City.

The following pages offer salient financial and statistical information about the City of Hamilton which should be of assistance to the external users of this report.

I would like to express my appreciation to all participants in the financial administration process for their assistance and cooperation.

AUDITORS' REPORT

To the Members of Council,
Inhabitants, and Ratepayers
of The Corporation of
The City of Hamilton.

We have examined the consolidated balance sheet of The Corporation of the City of Hamilton as at December 31, 1989 and the consolidated statement of operations for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these consolidated financial statements present fairly the financial position of The Corporation of the City of Hamilton as at December 31, 1989 and the results of its operations for the year then ended in accordance with the accounting principles disclosed in note 1 to the financial statements applied on a basis consistent with that of the preceding year.

THE CORPORATION OF THE CITY OF HAMILTON

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
for the year ended December 31, 1989

1. ACCOUNTING POLICIES

The consolidated financial statements of the Corporation are the representation of management prepared in accordance with accounting policies prescribed for Ontario municipalities by the Ministry of Municipal Affairs. On matters for which The Ministry of Municipal Affairs has not published a prescribed policy, the handbook of The Canadian Institute of Chartered Accountants has been followed. Since precise determination of many assets and liabilities is dependent upon future events, the preparation of periodic financial statements necessarily the use of the estimates and approximations. These have been made using careful judgements.

(a) (i) Basis of Consolidation

These consolidated statements reflect the assets, liabilities, sources of financing and expenditures of the revenue fund, capital fund, reserve funds and reserves and include the activities of all committees of Council and the following boards, and municipal enterprises which are under the control of Council:

- (1) Hamilton Entertainment and Convention Facilities, Inc.
- (2) Hamilton Public Library Board
- (3) The Parking Authority of the City of Hamilton
- (4) Barton General Business Improvement Area
- (5) Concession Street Business Improvement Area
- (6) Downtown Hamilton Business Improvement Area
- (7) International Village Business Improvement Area
- (8) Ottawa Street Business Improvement Area

All interfund assets and liabilities and sources of financing and expenditures have been eliminated with the exception of loans or advances between reserve funds and any other fund of the municipality and the resulting interest income and expenditures.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
for the year ended December 31, 1989

1. ACCOUNTING POLICIES – (Continued)

(a) Basis of Consolidation – (Continued)

(ii) Non Consolidated Entities

The following local boards, municipal enterprises and utilities are not consolidated.

- (i) The Hamilton and Scourge Foundation, Inc.
- (ii) Hamilton Housing Company Limited
- (iii) The Hamilton Municipal Retirement Fund
- (iv) The Hamilton Hydro Electric System
- (v) Municipal Non-Profit (Hamilton) Housing Corporation

(iii) Accounting for Region and School Board Transactions (net)

The taxation, other revenues, expenditures, assets and liabilities, with respect to the operations of the school boards and the Regional Municipality of Hamilton-Wentworth, are not reflected in the financial statements except to the extent that underlevies are reported on the "Consolidated Balance Sheet" as accounts receivable.

(iv) Trust Funds

Trust funds and their related operations administered by the municipality are not consolidated, but are reported separately on the "Trust Funds Statement of Continuity and Balance Sheet."

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
for the year ended December 31, 1989

1. ACCOUNTING POLICIES – (Continued)

(b) Basis of Accounting

(i) Nonaccrual

Sources of financing and expenditures are reported on the accrual basis of accounting with the exception of principal and interest charges on long term liabilities which are charged against operations in the periods in which they are paid.

(ii) Accrual

The accrual basis of accounting recognizes revenues as they become available and measurable; expenditures are recognized as they are incurred and measurable as a result of receipt of goods or services and the creation of a legal obligation to pay. Transactions and events are recognized in the period in which they occur regardless of whether there has been a receipt or payment of cash or its equivalent.

(iii) Fixed Assets

The historical cost and accumulated depreciation for fixed assets are not recorded for municipal purposes. Fixed assets are reported as an expenditure on the "Consolidated Statement of Operations" in the year of acquisition. of acquisition.

(iv) Capital Outlay to be Recovered in Future Years

"Capital outlay to be recovered in future years" which represents the outstanding principal portion of unmatured long term liabilities for municipal expenditures or capital funds transferred to other organisations, is reported on the "Consolidated Balance Sheet".

2. OPERATION OF SCHOOL BOARDS AND THE REGIONAL
MUNICIPALITY OF HAMILTON-WENTWORTH

Further to note 1 (a) (iii), the taxation, other revenues, expenditures and (underlevies) of the school boards and the Regional Municipality of Hamilton-Wentworth are comprised of the following:

	School Boards \$	Region \$
Taxation and user charges	163,155,197	94,706,408
Less Requisition	163,131,934	94,832,674
(Underlevies)/overlevies for the year	23,263	(126,266)
(Underlevies)/overlevies at the beginning of the year	(87,211)	(9,170)
(Underlevies)/overlevies at the end of the year	(63,948)	(135,436)

3. TRUST FUNDS

5. LIABILITY FOR VESTED SICK LEAVE BENEFITS

Effective January 1, 1982 the Income Protection Plan was adopted and all sick bank credits earned under the Sick Leave Benefit Plan were frozen. The exception to this is for employees of the Fire Department which continues to operate under the Sick Leave Benefit Plan. Under the Sick Leave Benefit Plan, unused sick leave would accumulate and employees were entitled to cash payment upon termination of services after seven continuous years. Entitlement to cash payment continues to apply to those employees who earned credits under this plan. The liability for for these accumulated days, to the extent they have vested and could be taken in cash by an employee on terminating, amounted to \$10,450,731 (1988 - \$10,428,283) at the end of the year. Cash payments made in lieu of sick leave are included in expenditures of the year in which services are terminated but no provision is made for the year in which the liability is incurred. An amount of \$1,049,293 (1988 - \$745,962) was paid to employees who left the Municipality's employment during the current year. A reserve has been established to provide for this past service liability and is reported on the "Consolidated Balance Sheet". The balance of \$3,144,014 (1988 - \$2,788,063) is provided in the reserve. An amount of \$700,000 (1988 - \$500,000) has been provided for in the current year and is reported on the "Consolidated Statement of Operations". Probable payments over the next five years to employees who reach their normal retirement age are:

11. CONTRACTUAL OBLIGATIONS

The Municipality is a party to agreements and contracts involving significant future liabilities relative to capital projects in progress. The financial statements reflect the costs incurred to date and the capital budget prepared for five years in the future, update annually, provides for the financing of these future obligations within the estimated financial resources of the Municipality.

12. LEASE AGREEMENT

The Municipality has entered into various lease agreements for computer and related equipment. These agreements provide for termination on November 30, 1991 to coincide with term of Council. The payments required under these agreements for the year 1990 are \$2,254,818.

THE CORPORATION OF THE CITY OF HAMILTON

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
for the year ended December 31, 1989

13. GROUP LONG-TERM DISABILITY PROGRAM

The long term disability program provides income protection for qualified employees. The net contribution paid to the Metropolitan Life Insurance as at December 31, 1989 was \$3,633,666 and is refundable to the Municipality. The latest actuarial valuation of the program liability was estimated to be \$3,322,958 as at June 30, 1989. This item is reported in the "Consolidated Balance Sheet" under Reserves as "Reserve for Long Term Disability Plan" and appropriate funds are included as a part of other investment.

14. BUDGET FIGURES

Budgets established for Capital Funds, Reserves and Reserve Funds are based on a project-oriented basis, the costs of which may be carried out over one or more years. As such, they are not directly comparable with current year actual amounts and budgets have therefore not been reflected on the "Consolidated Statement of Operations".

15. PUBLIC LIABILITY INSURANCE

The Municipality is partially self insured for public liability claims up to \$2,000,000 for any individual claim and \$2,000,000 for any number of claims arising out of a single occurrence. Outside coverage is in place for claims in excess of these limits.

The Municipality has made a provision for a reserve for self insurance which as at December 31, 1989 amounted to \$2,466,216 (1988- \$2,251,035) and is reported on the "Consolidated Balance Sheet" under reserves.

Claims settled during the year amounting to \$303,960 (1988 - \$21,103) have been provided for from the reserve and are, accordingly, reported as an expenditure on the "Consolidated Statement of Operations".

There are a number of claims unsettled as at December 31, 1989, the probable liability of which would not exceed \$2,000,000.

AUDITORS' REPORT

To the Members of Council,
Inhabitants, and Ratepayers
of The Corporation of
The City of Hamilton.

We have examined the balance sheet of the trust funds of The Corporation of the City of Hamilton as at December 31, 1989 and the statement of continuity of trust funds for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as we considered necessary in the circumstances.

In our opinion, these financial statements present fairly the financial position of the trust funds of The Corporation of the City of Hamilton as at December 31, 1989 and the continuity of trust funds for the year then ended in accordance with the accounting principles disclosed in note 1 to the financial statements applied on a basis consistent with that of the preceding year.
